

This portal provides access to online training for Smiths Medical products. You need a registration code to access the portal. Registration codes are issued by the Smiths Medical Professional Services Department. Contact your facility educator for this code or email the professional education department at online.education@smiths-medical.com. This code will allow you to set up an account with the Smiths Medical Online Training Portal

The Smiths Medical Online Portal can be accessed from any PC that connects to the internet and meets the following requirements:

- Internet Explorer 5.x or above
- Speakers for audio portion of many of the modules
- Browser with Flash plug-in installed
Visit the Adobe web site for the system requirements:
<http://www.adobe.com/products/flashplayer/systemreqs/>
- Some modules require the use of Adobe PDF Reader which can be obtained free of charge here: <http://get.adobe.com/reader/>

Note: You may need to set the resolution of your monitor to 1280 x 1024 in order to view some of the training modules. To change your screen resolution, right click on your desktop, select Properties, select the Settings Tab, and change your screen resolution here.

Once you have a Registration Code from your facility enter it in the form field Registration Code under Create Account. And then click on “Continue”.

Smiths Medical - Online Training Portal

At Smiths Medical we believe that education and training are key to safe and successful product use. We offer training in a wide variety of formats including instructor-led face to face training, videos, written materials, and online training. This portal provides access to online training for selected Smiths Medical's products. This education is provided using a self-paced multi-media format that includes learning objectives, content, assessment test, evaluation, and a printable certificate of completion. Progress is tracked and reported to the facilitator at your organization if applicable.

Access to these programs is limited to those with an assigned registration code. This registration code is provided to your organization by the Smiths Medical Professional Services Team responsible for coordinating product training and education. If you are a first time user please enter the registration code provided by your organization and you will be directed to a self - registration page to create your user name and password. Returning users please use your user name and password for access.

If you do not have a registration code and wish to access a program please contact Smiths Medical Professional Services to request access.

Registered Nurse (RN)

Title (Other) If your occupational title is not listed above choose "Other" and enter it here:

Employee Identification Number (if available):

51

*May we contact you to participate in a follow-up survey after the product is implemented? This is done via email and is aimed to obtain your feedback specific to the implementation.:

Yes No

*Periodically, Smiths Medical conducts surveys with our customers to obtain insights on a variety of subjects, including new product concepts, evaluations on existing products, and new trends in patient care. Would you be interested in potentially participating in a future survey?

We typically compensate participants for their time, depending upon the length of the survey. Selecting 'Yes' will not however obligate you to actually participate in future surveys, and you may opt out at any time.:

Yes No

Smiths Medical Online Portal User Guide

Once you are logged into the system, you will see a list of the training material under the Courses you have been assigned.

Click on the course name to launch the session.

The screenshot shows the 'Courses' page in the Smiths Medical Online Portal. At the top left is the Smiths Medical logo with the tagline 'bringing technology to life'. A 'Courses' tab is active. Below the tab is a search bar with a dropdown menu for letters A through Z and 'All'. The search bar contains a search icon, a text input field, and 'GO' and 'CLEAR' buttons. To the right of the search bar is a 'Today' button with a calendar icon, a 'GO' button, and a 'CLEAR' button. Below the search bar is a table with the following data:

Name	Description	Status	Created	Modified
CADD®-Sols Ambulatory Infusion Pump Training Course	Click on course name to start.	Active	08/09/2010	12/07/2010
GRIPPER® Micro Safety Needle Training Course	Click on course name to start.	Active	09/29/2010	12/07/2010
Saf-T Wing® Blood Collection Set Training Course	Click on course name to start.	Active	12/01/2010	12/14/2010

At the bottom right of the table, there is a pagination control: 'Records 1-3 of 3 | First | Previous | Next | Last | Per Page 10'.

The course module lists the steps you will need to complete the Course, Test, and Evaluation.

The header lists the course module and a description of the material and course material length.

The first step is Course. Selecting this will list the training material you need to review in order to take the test. Click on the course name to launch the training program. In this example it is “CADD®-Solis Course”.

After you watch/interact with the training material, you will launch and take the test. Please note that some videos may also include a test. These are practice tests only. You must select Test on the left menu to enter the Testing module that will provide a score/grade and certificate.

Upon completion of the test you will be required to complete an evaluation of the course material and then will have the option of printing a certificate of completion.

The screenshot shows the Smiths Medical online portal interface. At the top left is the logo "smiths medical bringing technology to life". A "Courses" tab is active. On the left, a sidebar menu has "Course" selected. The main content area shows the course title "CADD®-Solis Ambulatory Infusion Pump Training Course » Courses" with a description: "Describes and demonstrates pump set-up, programming, and operation. Participants must: Review video, complete test and evaluation, and print certificate. Course length is approximately 60 minutes." Below this is a search bar with a magnifying glass icon, a "GO" button, and a "CLEAR" button. A "Documents" table is displayed with the following data:

Name	Description	Status	Created	Modified
CADD®-Solis Infusion Pump Video - Click To Start	Pump set-up, programming, and operations	Active	08/06/2010 2:34 PM	12/02/2010 1:16 AM

At the bottom of the table, there is a pagination control: "Records 1-1 of 1 | First | Previous | Next | Last | Per Page 10". A "Back" button is located at the bottom left of the page.

Smiths Medical Online Portal User Guide

At this point, click on the course link to get to this page.

Click on the “**Full Screen**” button to launch the training material. The “**Full Screen**” button will ensure that the entire training module is displayed without the need for scrolling.

Note: You may need to set the resolution of your monitor to 1280 x 1024 in order to view some of the training modules. To change your screen resolution, right click on your desktop, select Properties, select the Settings Tab, and change your screen resolution here.

After you are done with the training module, close the window by clicking on the X located on the upper right corner of the window.

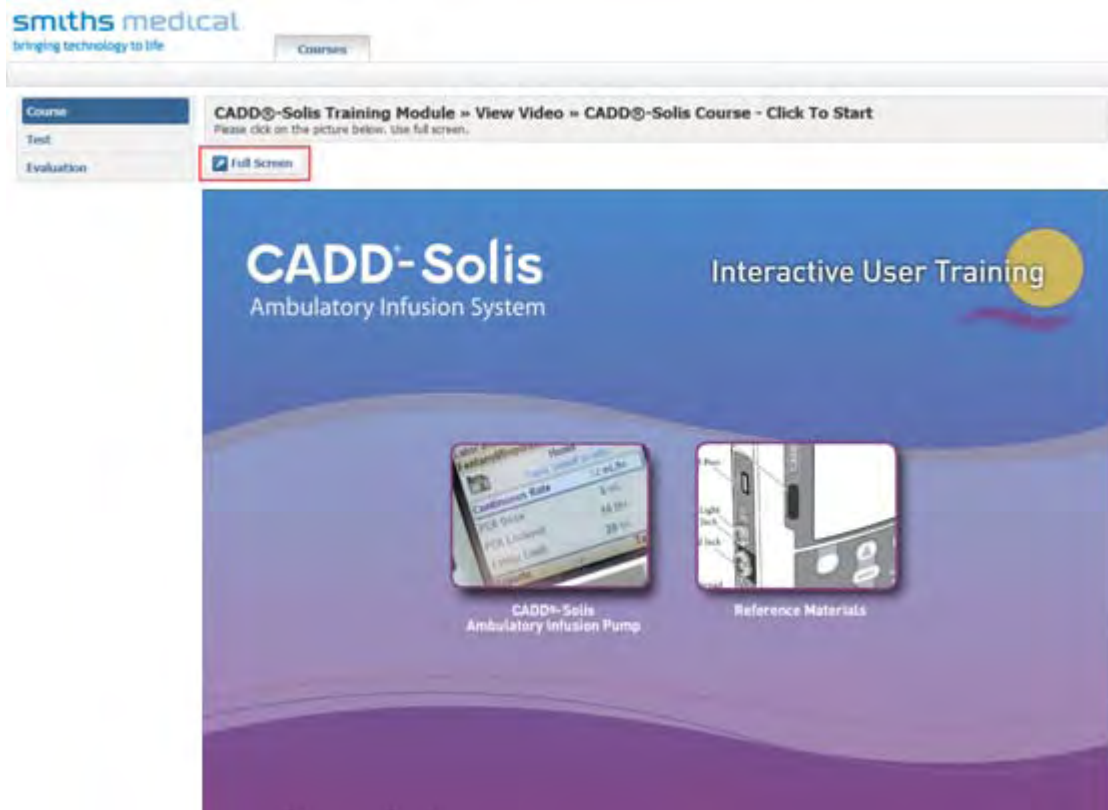

The example below is for the CADD®-Solis Pump Training Module, however the process is similar for all training courses.

In order to Start and Pause the videos or interactive modules look for these symbols:

Play buttons typically looks like this:  

Pause buttons typically look like this:  

These symbols can generally be found in the player bar at the bottom of the screen. If it is not visible, hover your cursor over this area to display. You are now prepared to take the test.

Click on the “Test” button on the left menu bar

The screenshot shows the Smiths Medical Online Portal interface. At the top left is the logo 'smiths medical bringing technology to life'. A 'Courses' tab is active. On the left, a vertical menu has 'Test' highlighted with a red box. The main content area displays the title 'CADD®-Solis Ambulatory Infusion Pump Training Course » Test' and a description: 'Please click on the Take Test button below to start the test. The test will take approximately 10 minutes to complete. Score of 80% required to pass. You can review your answers by clicking on the number under the attempts column.' Below this is a 'Test Attempts' table with columns for Attempt, Score, Percentage, Start Date, and Finish Date, showing 'No Records.' At the bottom right of the table is a pagination control: 'Records 0-0 of 0 | First | Previous | Next | Last | Per Page 10'. At the bottom center, a 'Take Test' button with a right-pointing arrow is highlighted with a red box, next to a 'Back' button with a left-pointing arrow.

Next, click on the “Take Test” button.

The test length and type will depend on the product. The description in the header will tell you the name of the test and the number of questions.

The screenshot shows the 'View Test' page in the Smiths Medical Online Portal. The left menu has 'Test' highlighted with a red box. The main content area displays the title 'CADD®-Solis Ambulatory Infusion Pump Training Course » View Test » CADD®-Solis Ambulatory Infusion Pump Test' and a description: 'The CADD®-Solis pump Course Test consists of 10 questions. A score of 80% or better is a passing grade. If you score less than 80% you will need to retake the test. To view test results, click on the number under Test Attempts.' Below this are two questions, each with a red asterisk and a radio button for 'True' or 'False'. The first question is: '*The pump allows you to titrate the Continuous Rate while the pump is running:'. The second question is: '*When a Clinician Solis is delivered, the volume delivered will be included in the Dose Counters and Delivery Limit Totals:'. At the bottom, three buttons are visible: 'Back' (left-pointing arrow), 'Complete' (right-pointing arrow), and 'Save' (document icon). The 'Complete' button is highlighted with a red box.

If you are unable to complete the entire test at one time, click on the “**Save**” button. You will be able to log-in at a later date and finish where you left off.

Upon completion of the test click the “**Complete**” button.

The next screen will display your score and a message indicating if you passed or not. If you did not pass the test you will be permitted to take the test again.

To review your scored test, you can click on the number under the **Attempt** column. This will open your test for review. A red X indicates an incorrect response.
